Old Products. New Names.

Monkey Business Management System is now “Monkey Business Cloud Platform”

Nothing’s changed here, except more scale, options and access. **Monkey Business Cloud Platform** is still about providing **everything** you need to build, run and grow your business online for **a single fee** starting at **\$10 per month.**

New Product Names

JobTrack is now “Monkey Ninjas & Teams”

You can still continue to get **everything** you need done, **whenever** you want. Plus, you can now also manage teams for core operations of your business — starting **\$62.50 per hour per task, \$100.00 per team per month. Realtime-billing** should launch 2nd Quarter with **JobTrack Upgrade**. See [*Signboard Network Product Launch Schedule*](#) for more.

New Product Names

Ad & Marketing is now “Monkey Signboard Network”

We continue to handle your creative, media, ads and campaigns. Plus, in addition to **Search, Video** and **Social**, we can now also put you on **Signboard. Ad campaigns starts \$250 per month.** See *Signboard Network Product Launch Schedule* for more.

New Product Names

Agency Solutions is now “Monkey Unified Management”

Managed solutions for your key business infrastructure is still fully supported. Plus, these — starting with telephony and PBX — will now be completely automated, with configurators accessible directly to you. No more middlemen; you can just log in, deploy or change what you need, whenever you need. Our brand new **Unified Management Dashboard** provides a single point of access all of your products. See [*Signboard Network Product Launch Schedule*](#) for more.
